

Q: What would I/ we find going on within your church on a typical Sunday?

A: Our Sunday worship services begin at 9 and 11am, as well as 6pm. The first am service is followed by a Christian education hour with separate classes for children, youth, and adults. Our music ministry, which includes both traditional and contemporary forms of music, is a regular part of our Sunday worship experiences and we have a special alternative worship experience for younger age children during the am services called H.O.P. (House of Praise). You will find people coming from all walks of life, many who dress casually, some who are long-time members of our church and many who have joined us in recent years. Our congregation has an informal greeting time during the service one to another in Christian friendship. People will greet you and possibly introduce themselves to you at this time. We celebrate the Sacrament of the Lord's Supper about 10 times per year. We often schedule special educational programs or fellowship activities for youth and adults. You will always hear an invitation for our congregation to take part in one of the many service ministries and other fellowship opportunities. The early service has a traditional feel. The 11am service has a modern feel. In the evening we study through books in the Bible and study method is given special focus, for those who want to learn how to study the Bible.
